Obtaining GTAs

http://155.217.58.58/atdls.htm

GTA Library

Although this site says GTAs can be ordered on-line, this is incorrect. GTAs can only be downloaded and/or printed from digital files contained on this site. Attempting to order on-line will only delay requests, which ***must be made*** at the Fort Hood VI Service Center, Bldg. 230. Come by the Ft. Hood VI Service Center and see what GTAs are still available. GTAs out of print can only be obtained by downloading and printing from this site. Some non-paper GTAs (plastic devices, oversized charts, games, etc.) are loan items and may require that the requestor be on a signature card and require FHT FORM 25-X22.

Document Formats

The Library uses Hypertext Markup Language (HTML) as its primary document format for on-line viewing. HTML can be viewed by all WWW browser software. It requires no special configuration or installation of special viewers or "plug-in" so users are encouraged to keep their WWW browsers current.

Obtaining DoD Training Videos and Interactive Multimedia Instruction

The Defense Automated Visual Information System/Defense Instructional Technology Information System (DAVIS/DITIS) site is located at *http://afishp6.afis.osd.mil/dodimagery/davis*.

DO NOT print out requests for videotapes and bring it to this TSC for service. Send the request directly to Joint Visual Information Services Distribution Activity (JVISDA) and receive Video Media by mail from them.

Presentation and Audio Visual Support

Charles Rosenblum
Marketing Specialist

Are you planning a special event? Are you looking for the right equipment to support a presentation? Well, the Training Support Center is the place to come to get the help that you need!

If you are planning a Brigade or higher change of command, sponsoring an official VIP program, or are responsible for a deployment or exercise then TSC will likely be able to support your event with professional sound and/or audiovisual coverage.

Requests for Presentation Support should be submitted on DA Form 3903, at the Work Reception Center, Building #229 on Battalion Avenue; between 0730 and 1600, Monday through Friday, except holidays (287-3909).

Requests may also be submitted by fax to 288-7675. Consultation may be required. Call the Work Reception Center at **287-3909** for more details. Remember! The best events are those that are planned well in advance.

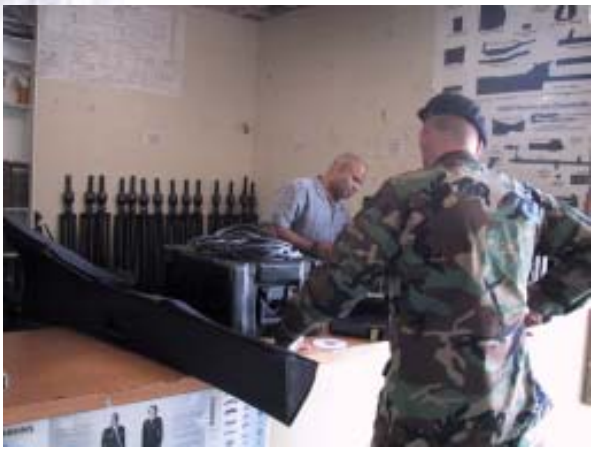
We also provide assistance for battalion, company and detachment level units. We have a wide variety of equipment available for temporary loan to your unit.

This equipment includes:

- √ Speakers and stands
- √ Amplifiers
- √ Screens
- √ Microphones
- √ Cassette tape player/ recorders
- √ Digital still and video cameras

Typical events include battalion change of commands, company picnics, welcome home functions and sporting events.

We provide on-the-spot instruction at Building #230, the Loan and Storage Warehouse. We also have a limited supply of computer projectors for your presentations. We limit the loan of these items to 3 days and for garrison use only.



What do you need to get these items? To be sure that we'll have the item when you need it, call in a request to 287-3619/4593 at least 7 days in advance.

To pick up the item, you need to be on your unit's Delegation of Authority card, DA Form 1687. Temporary loan (except computer projectors) can be for as long as 30 days. It's as simple as that!

Sample and downloadable forms, our catalog and much more can be found at the TSC web site under **Services** on the Fort Hood Home Page. http://www.hood.army.mil/tsc/
